AGROSE TARIM MAKİNALARI SAN.TİC.LTD.ŞTİ.,

İlaçlama makineleri ve yedek parçaları imalatı yapmakta olup faaliyetini Konya'da devam ettirmektedir.

Teknolojisini dünya standartlarında üretim yapmaya hazırlamak ve artan müşteri taleplerini karşılayabilmek için bilgisayar destekli tasarım ve bilgisayar destekli üretim tezgahları ile kaliteli ve seri üretim anlayışını benimsemiştir.

AGROSE TARIM MAKİNALARI SAN. TİC. LTD. ŞTİ (AGROSE AGRICULTURAL SPRAYERS), manufacturing agricultural sprayers, sprayers pumps and spare parts of them, continues its operations in Konya/ Turkey

In order to prepare its technology to produce for the world standards and meet the increasing demands of the costumers, Agrose has adopted quality and mass production mentality with computer aided design and production machines.

Garanti kullanılan malzeme veya üretim süreciyle ilgili sorunların bir sonucu olarak ortaya çıkan kusurları veya arızaları kapsar.

The warranty covers defects or malfunctions that occur as a result of issues with the materials used or the manufacturing process.

Belirlenen görevleri yerine getirdiğinden emin olmak için makinenin çeşitli mod ve ayarlarla çalıştırılmasını içerir.

This involves running the machine through its various modes and settings to ensure it performs its designated tasks.

Toz boya kullanımının önemi; kaplamalı ürünlerin performansını, ömrünü ve çevre dostu olmasını artırır.

The importance of using powder paint; it enhances the performance, longevity, and environmental friendliness of coated products.

Firmamızda "Sürdürülebilir Üretim" ilkeleri benimsenmiş olup bu kapsamda makinelerimizde kullandığımız tüm parçalar geri dönüştürülebilir malzemelerden üretilmektedir.

In our company the principles of "Sustainable Production" have been adopted and in this context, all the parts we use in our machines are produced from recyclable materials.

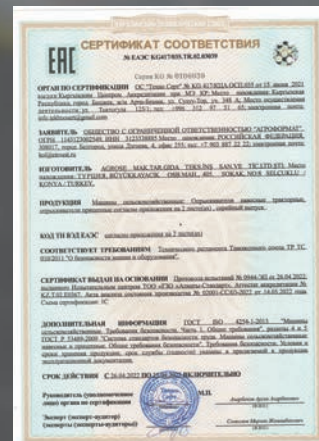

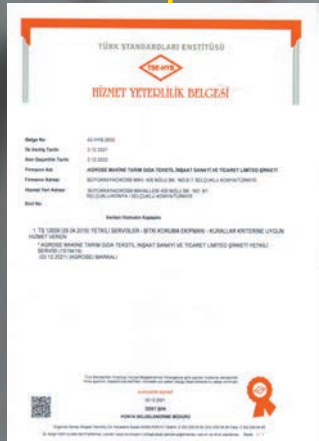

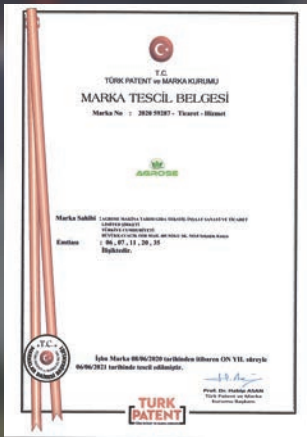

Tüm parçalar geri dönüştürülebilir malzemelerden seçiyoruz, bu sayede çevre dostu bir üretim sürecine katkı sağlıyoruz.

We select all parts from recyclable materials, thus contributing to an environmentally friendly production process.
